Coronavirus Vaccinations.

On Tuesday 15th June we will have a team of health professionals in our school hall offering coronavirus vaccinations. They will be set up from 8.30 am to approximately 11am (this will extend to 11.30am if it's busy). There is no need to book an appointment. You don't need to have any children at our school. It's open to members of our community aged 18 or over so if you haven't had your vaccination and would like one, just come.

The health professionals will need to know your first name, surname, date of birth, address with postcode, your telephone number, the GP where you are registered and your NHS number if you know it.

If you had your first vaccination over 28 days ago you can have your second vaccination at school. You just need to bring the details mentioned above and your blue vaccination card you were given when you had your first vaccination.

They will have both vaccines available and these will be offered following current government guidance.

School staff will also be around to offer additional support. The team will be returning on week commencing 13th July to offer second vaccinations.

V utorok 15. júna bude v našej školskej hale tím zdravotníckych pracovníkov, ktorý ponúka očkovanie proti koronavírusom. Zriadené budú od 8.30 do približne 11. hodiny (ak je obsadené, predĺži sa to na 11.30). Nie je potrebné rezervovať si termín. V našej škole nemusíte mať žiadne deti. Je otvorená pre členov našej komunity vo veku od 18 rokov, takže ak ste očkovanie ešte nemali a chceli by ste, stačí prísť.

Zdravotnícki pracovníci budú musieť poznať vaše meno, priezvisko, dátum narodenia, adresu s PSČ, vaše telefónne číslo, praktického lekára, kde ste registrovaní, a vaše číslo NHS, ak ho poznáte.

Ak ste dostali prvé očkovanie pred viac ako 28 dňami, môžete svoje druhé očkovanie podstúpiť v škole.

Musíte len priniesť vyššie uvedené podrobnosti a váš modrý očkovací preukaz, ktorý ste dostali, keď ste dostali prvé očkovanie.

Budú mať k dispozícii obe vakcíny, ktoré sa budú ponúkať podľa súčasných vládnych pokynov. Budú tu tiež pracovníci školy, ktorí ponúknu ďalšiu podporu. Tím sa vráti v týždni od 13. júla, aby ponúkol druhé očkovanie.
